## TELEGRAPHIC.

WINNIPEG, February 18.

General Sherman died on Saturday and was buried in St. Louis on Wednesday.

Tarte's newspaper office in Quebec was damaged by fire to the extent of \$80,000.

Sir Charles Tupper is promising the Nova Scotians to maintain the coal duty but to remove the flour duty.

Davin has received the conservative nomination in West Assiniboia, and will be returned without opposition.

Answering the loyalty and annexation talk of the conservatives Laurier says that if annexation ever become an issue the liberals would vote against it.

In a speech at Halifax on Saturday night Sir Charles Tupper said Erastus Winan was more of an enemy than a friend of Canada, as is proven by his past record.

The St. Catharines Journal, the leading conservative paper in the Niagara district for thirty years, has discarded the national policy and adopted unrestricted reciprocity.

Hon. E. Dewdney, accompanied by McGirr, left Ottawa on the 13th for Moosomin to open the campaign. J. G. Turfitt is coming out as an independent for East Assiniboia.

Pennsylvania and Ohio have had thirty-six hours continuous rain causing much damage and railway washouts. Rivers higher than at any time since August 1888. The worst is not yet passed.

Alonso Wright for over twenty years representative of Ottawa county in the Commons has retired from politics and the conservative party has nominated as his successor Mr. McDougall, a lawyer in Aylmer, Quebec.

Robert White promises the electors of Cardwell to oppose the Dominion government should the Manitoba school act be disallowed. Hon. Mackenzie Bowell tacitly promised North Hastings electors that the act would not be vetoed.

There are two candidates in the field in every constituency in Manitoba. In Winnipeg, Selkirk and Marquette the contest is keen and prospects in favor of the liberals, while almost everybody concedes Lisgar and Provencher to the conservatives.

No contest is expected in Cariboo, New Westminster, or Yale, B. C. The old members will be returned. Prior and Earle, conservatives are opposed by Governor Richards and Wm. Tempelman, editor of the Times, in Victoria. In Vancouver J. H. Dixon, liberal, opposes D. W. Gordon the late member.

Sir Chas. Tupper and Sir John Macdonald addressed a meeting in Toronto last night. Sir Charles said the conservatives would endeavor to get reciprocity in trade but not unrestricted reciprocity. Sir John spoke in a similar strain and referred to the liberal leaders as traitors, conspirators, etc. He said the police were on their track, and made a pathetic appeal to Canadians to stand by their country.

The candidates are now settled in almost every constituency in eastern Canada and the political battle is being fought with more bitterness than for a long time, owing mainly to Sir John's imputation of disloyalty on the part of his opponents. The main cry of the conservatives is "loyalty and protection." The liberal cry is "loyalty with reduction of taxes and honest government." Conservatives admit that they will lose some seats in Quebec and the Maritime provinces but expect to gain some in Ontario, and that the west will remain loyal as usual. The liberals claim they will make a clean sweep in Quebec, and have a majority in all the eastern provinces, while they also expect to gain two seats in Manitoba and perhaps two in the Territories. No doubt the government's majority will be considerably reduced and if the liberals win it will be by a small majority.

WINNIPEG, February 19.

At a meeting on Tuesday night Sir John produced a pamphlet written by Edward Farrar, editorial writer on the Globe, which exposed the unfriendly policy of the Canadian government towards the States and pointed out the proper course for the Americans to pursue in order to bring about the annexation of Canada. At a meeting in Hamilton last night Sir John said Cartwright and Charlton were in league with Farrar. Farrar admits the authorship but says it was written before being connected with the Globe staff and without the knowledge of any of the liberal leaders. At a liberal mass meeting in Toronto last night Mowat endorsed the policy of the liberals and repudiated the attempt to connect the party

with annexation to the United States. The Globe takes similar grounds. The conservatives however claim that Sir John's exposure will gain them seats in Ontario. This is the treason for which prominent politicians were to be arrested, as reported last week.

VICTORIA, February 18.

C. N. Garson of the H. B. Co. has been appointed deputy returning officer at Victoria. Polling booth at the H. B. post. Egg lake south of the river, Saddle lake, Good fish lake and Victoria settlements are included in this polling district, No. 48. Total number of votes 48.

Enumerator Meek left this morning for the north.

## LOCAL.

MRS. W. J. WALKER arrived from Calgary on Monday's stage.

WM. CRAIG has been appointed assessor of Sturgeon school district.

The family of James Trimble arrived from Ontario with R. McKernan.

J. BROWN commissary officer for the C. & E. left for the south on Tuesday.

D. DESJARLAIS, trader, left for Slave Lake on Monday with three trains of dogs.

R. JARVIS has been appointed assessor of Belmont school district at a salary of \$15.

THE oats purchased by the C. & E. are being hustled across the river at a lively rate.

JAS. SHAND has been appointed assessor of Poplar lake school district at a salary of \$7.

JAS. MOWAT has been appointed assessor of Saskatchewan school district at a salary of \$15.

J. H. ADAMS, Dr. Moncrieff and J. H. Kern were passengers on Thursday's outgoing stage.

H. S. YOUNG of the H. B. Co. returned from a trip to Victoria on Monday and left for the Landing to-day.

ON Tuesday, February 3rd a distinct clap of thunder was heard at Beaver lake, and a slight shower of rain followed.

MAGNUS ANDERSON of Stony Plain is getting timber on the ground for a dwelling on his lots near Norris & Carey's store.

E. TAYLOR of the H. B. Co. left on Thursday with McCauley & Ibbotson's team, to take a position in the H. B. Co. office Calgary.

P. J. NOLAN and Geo. K. Leeson are said to have left Calgary for Edmonton in the interest of D. W. Davis. They will arrive to-day.

Two letters regarding the anti-Edmonton petition published a couple of weeks ago are unavoidably crowded out of this issue by election matters.

THE lecture of Canon Newton at W. H. Carson's, Sturgeon, on Wednesday evening of last week was well attended by the people of the settlement.

J. H. KERN, of Josephsburg, Assiniboia, arrived on Monday's stage to make final arrangements for the location of fifty families of Germans in this district during the coming April. The people are now at Dunmore.

I. S. COWAN, election clerk, C. Meek, J. P. enumerator for Victoria and Lac la Biche, and J. Blinning of the Calgary Tribune arrived on Sunday from Calgary, having posted election proclamations and appointed enumerators at the various settlements along the road. Mr. Meek left for Lac la Biche on Monday evening.

THE minister of justice thus defines the meaning of the word "householder" where it occurs in the definition of the qualification of voters in the coming elections in the North west: "In my opinion 'householder' means tenant or occupant of dwelling house actually resident therein and includes joint tenants or occupants, but not lodgers or boarders."

A MEETING was held on Friday afternoon in Norris & Carey's office in the interest of Jas. Reilly, independent conservative candidate in the present election contest in Alberta. The following executive committee was selected: M. McCauley, chairman; C. F. Carey, vice-chairman; A. J. Bangs, secretary; J. Gibbons, C. Young, A. Picard, L. Gurneau and A. F. Degagne.

A. MOODY of Beaver lake was in town this week. Cattle are in excellent condition at the lake and have received very little feed so far. Threshing with Selvals and Labouca's eight horse machine has made good progress. The grain is yielding well and is of good quality. Steps are being taken to organize two schools, one on each side of the lake. Each district if organized would have about 17 children of school age.

A DEPUTATION of St. Albert settlers waited on H. W. McKenney on Wednesday and offered him a nomination for the commons.

R. McKERNAN received a letter from Beaulieu, Pembina County, North Dakota, this week in which the writer enquires about the Edmonton district and mentions that his own and six other families propose removing in the spring. Mr. McKernan has written in answer.

W. B. YOUNG, an old resident of Edmonton writes to D. Ross from Ellensburg, Washington, that the place is over run with people from all parts of the world so that a quarter of them can't get work, and Puget Sound is the same. The settlers around Ellensburg are chiefly from Minnesota. The letter concludes: There is ten million feet of lumber to be shipped to Australia from one mill at Seaholme, and 500 men out of work there.

At a meeting of the conservatives of Edmonton held in the Bannerman Hall on Thursday the 19th February instant, it was unanimously resolved that the meeting should support the government candidate Mr. D. W. Davis. The following committee was formed: Hon. H. C. Wilson, M. L. A., chairman; C. L. Shaw, secretary; Committee, John Cameron, George Roy, Collin F. Strang, John Looby, William Fielders, J. F. Smith, S. S. Taylor.

M. McLON of Belmont received a letter by last mail from Alex. McLay of Bottineau County, North Dakota. Mr. McLay visited Edmonton last summer and took up land on the Horse Hill. On returning to Dakota for his family he was called to Scotland. His letter is written on his return from Scotland. He did some immigration work in Scotland, and will be at Edmonton early next summer accompanied by his family and some neighbors from Bottineau county.

THE social in aid of the organ fund of the Methodist church given last evening at Mrs. Kernohan's residence was very largely attended and an excellent informal programme was rendered. A piano duet was given by Mrs. and Miss Hardisty, songs by Messrs. Becher, Raymer and Michael, readings, "Maud Muller" by Mrs. McQueen, and "The Bashful Man" by W. Johnstone Walker, charade by the ladies of the aid society, and parlor games. Refreshments were served, and a most enjoyable evening was spent.

#### PROMISE vs. PERFORMANCE.

It is said that promises are only made to be broken, and this is supposed to be particularly the case with election promises. In regard to not keeping his election pledges D. W. Davis, M. P. for Alberta, can fairly claim to have broken the record. Mr. Davis' platform of 1887 contained fourteen distinct planks; and as nothing has been heard of thirteen of these planks since the evening before election day it may be well to refresh the public memory as to what they were. The following is the list:

#### PROMISES.

1. Sir John.
2. Self government for the Territories.
3. Increased allowance for public works and school funds in the Territories.
4. School funds to be raised from school lands.
5. Local men for local offices.
6. Settlement of war claims and rebellion losses.
7. Bridging of principal rivers.
8. Opening of odd-numbered sections for homesteading.
9. Opening Indian reserves for settlement, in settled portions of the country.
11. The lease question to be dealt with by a commission.
11. British Columbia mining laws.
12. Settlers before survey to have homestead rights.
13. Increased representation for Alberta.
14. Scrip to half breed children born between 1870 and 1885.

#### PERFORMANCES.

1. Stands good.
2. In the spring of '91 the Territories are less self governing than they were in the fall of 1888.
3. Throats were made last spring and repeated last fall that the school grants would be cut down.
4. Nothing heard of it.
5. Eastern man appointed sheriff of Alberta over the head of deserving local men.
6. Rebellion claims stand "as they were."
7. The rivers are bridged—in winter.
8. The odd numbered sections are still as hermetically sealed from settlement as Mr. Davis' mouth from advocating their opening.
9. The Indian reserve south of Edmonton has been abandoned by the Indians for years and is not yet open for settlement.
10. The lease commission has never been heard of since Mr. Davis' address disappeared from the papers.
11. British Columbia still has its own, and we have ours.
12. The principle of squatters' rights was acknowledged before Mr. Davis knew what squatters' rights meant.
13. The representation of Alberta is as it was, and doubtless will remain so as long as Alberta will willingly return a government supporter.
14. In response to the recommendations of the Northwest assembly the deputy minister of interior visited the Northwest to report on the scrip question, and on his return to Ottawa reported unfavorably, with out protest from Mr. Davis.

This record of broken promises is proof either of Mr. Davis' utter unfitness for the office which he has held or of the fallacy of the doctrine that a servile government supporter is best able to advance the interests of his constituents.

The fact that this settlement has been able to supply the railroad company with 30,000 bushels of oats of superior quality for use on advanced construction is an advertisement of its capabilities and of the extent to which these capabilities have been utilized far in advance of railway construction, that should have its effect. Thirty thousand bushels does not clear the market of oats by any means. Nor is oats the only farm product of which there is an available surplus this year. This end of the country will be

able to supply all the potatoes and beef that will be required on the northern hundred miles of construction when work begins. Other sections of the Northwest talk of flat spring beef, but Edmonton has it, and in this case will no doubt find a good market for it. The fact that there is a surplus of exportable farm products awaiting the advent of the railway should put confidence into the financial brains of the scheme, and is proof of the necessity of the road.

#### ENUMERATORS.

The following enumerators have been appointed for the polling divisions north of Calgary:

Edmonton, J. Coleman; Clever Bar, W. Wilkie; Sturgeon river, R. G. Hardisty; Beaver Lake, Geo. Kennedy; Lake St. Ann, Colin Fraser; Lac la Biche and Victoria, C. Meek; Fort Saskatchewan, W. S. # TO THE ELECTORS OF THE DISTRICT OF ALBERTA.

GENTLEMEN:—

The tidings of the dissolution of the Parliament of Canada has been received by the people of Alberta with surprise and disappointment; surprise at the haste and urgency that entails an election here at an inclement season of the year when there appeared no pressing issues upon the political horizon to justify a dissolution before the close of the constitutional term; disappointment because we were by authority of our constitutional conditions about to take a new census which we felt assured would have given a right to increased representation in the Canadian Parliament. But dissolution being now a fact, you will be called upon in a few days to elect a person worthy in your opinion of the honorable distinction of representing in a creditable way your wants and suffrages in the House of Commons at Ottawa.

I have presumed some days ago to announce my purpose to ask your confidence and support for the position, feeling that my past political training and the discussions that have arisen out of our Canadian political issues in the past, might enable me to obtain sufficiently comprehensive knowledge of the ever growing wants of our new country, and enable me to present them intelligently at the seat of Government and urge their consideration and relief. I am a Conservative and a supporter of that policy of Sir John A. Macdonald that has built up the financial credit of Canada above the line of the most favored of colonial dependencies, and above the mark of many favored nations. But where Conservative policy or expediency clashes with the interests of Alberta I will be ever found "staying" with the interests of the people of my district. And as I believe a prudent and continued system of immigration, to be an indispensable policy, in order to settle up our district with suitable people, I will consider it my duty if elected to urge upon the government the propriety and justice of giving at once to Alberta, as it may be outlined geographically, a practical and workable form of provincial government, with the rightful constitutional subsidies or financial means to provide for the expense of this emigration policy, as well as the other many wants connected with our early development.

On the question of railways I will encourage independent lines and advise every railway pointing south to at once link itself with the American lines, and will not fail to encourage the freest intercourse and trade between Canada and our neighbors not inconsistent with the political ties that bind Canada to England.

In the matter of settlers' rights I believe settlers the country wants and must have, and as between foreign lease holding companies with unreasonable selfishness, and the desire of the poor man to locate and earn a livelihood and a home the claims of the lease-holder must give way.

With respect to the Liquor question there can scarce be two opinions, the people of the Northwest are as intelligent and moral as those of any other community, and should be ceded the legal right to control and regulate this traffic.

The grievances at Banff must be considered as of more than local importance. Our National pleasure ground belongs to no party, but to the whole people. I consider that the policy governing that portion of the park allotted to commercial purposes has been disappointing, retrogressive and scandalous. To encourage improvement, embellishment and growth, there must be given the right to acquire complete ownership of freehold, both negotiable and transferable, as elsewhere. The reverse of this policy has been the experience, and has resulted in justifiable denunciation of violated pledges given at the beginning. Some strong language on the floor of the House of Commons may be necessary to mend matters in that quarter of our public domain.

The mines: When a miner explores and prospects and after heavy outlay finds a valuable mine, and the Government proceeds to sell the property to the highest bidder, I hold that in all such cases the miner should be reimbursed the necessary outlay made in discovery.

Indian reserves.—The Sarcee reserve is a block and obstruction in the pathway of our surrounding development. Some suitable provision should be made for the removal of the few Indian families there to some of the more remote reserves.

The Half breeds of this district have claims upon the Government of this country arising out of their blood relationship with

aborigines. All just claims of this nature should not be trifled with or unduly postponed, but should be intelligently and justly considered, and promptly settled. It is neither wisdom nor statesmanship to shuffle with questions of the kind, because these people happen to be poor and scattered and without the agency or means of pressing their grievances upon the attention of those having power to deal with them.

The policy of hay permits, the right to utilize dead or fallen timber, should have a good deal of the red tape removed, and be remodelled by a policy of common sense.

Rivers: The liability of all mountain streams to become impassable, and obstruct communication between our settlers, often preventing medical relief, involving life or death, demands that bridges be built by the Government, whose lands are being made valuable by the improvements of the pioneers.

It is the duty of a representative to go to and among his constituents and learn their conditions and wants, and not leave these enquiries for election times only.

Gentlemen, in the wide field of public matters above outlined there is sufficient scope for the efforts of a representative. If, from your knowledge of my character and independence, you feel that I may be entrusted with the performance of these duties, in addition to other matters that would naturally devolve upon an honest representative of your interests, and will give me your confidence and vote upon the day of election, I will do my best to prove worthy of that confidence, and will endeavor to be an impartial representative of all portions of our district.

I am, gentlemen,

Your obedient servant,

JAMES REILLY.

# GREAT SLAVE LAKE.

J. F. Smith received a letter last mail from H. Anthony dated Fort Resolution, December 8th, 1890. It will be remembered that H. Anthony and C. Paquette left last fall for Fort Rae and the barren grounds to hunt musk oxen. From the letter it appears that on their arrival at Fort Resolution on Oct. 27th they found Great Slave Lake beginning to freeze; the bay at Fort Resolution being already frozen. They were therefore unable to cross the lake to Fort Rae, until winter set in. They were advised by Mr. McKinlay of the H. B. Co. at Fort Resolution that the season was already too far advanced to permit of their reaching the barren grounds; they are therefore wintering at Fort Resolution. They intend leaving for Edmonton about the end of January with dogs, and expect to reach here about the 1st of March. At the date of writing Paquette had just returned from an eighteen days' hunt after wood buffalo. He succeeded in getting a large bull, and brought in the head, hide, hoofs and tail and about 70 pounds of the meat. The hide measured 15 feet from tip to tip by seven feet in breadth. He also brought in the head of a wood caribou the horns of which had 27 tips. Anthony attempted fishing during Paquette's absence but lost his nets by the ice breaking. Fish are abundant, however. Jas. McKinlay and Warburton M. Pike left Fort Resolution in May last for the barren grounds and returned in August. They saw thousands of musk oxen, and killed about 70. They brought a canoe load of heads back with them, some of them monsters.

# TO THE ELECTORS OF THE ELECTORAL DISTRICT OF ALBERTA:

# GENTLEMEN—

Parliament having been dissolved and the general elections announced to take place on the fifth day of March next, you will be called upon to elect a representative for this District. I beg to again announce myself as a candidate for your suffrages.

When elected four years ago as your representative I pledged myself to a fair and reasonable support of the present Administration. This I rendered, conscious of the fact that in so doing I best served the interests and concerns of this important district. If again elected I shall be pleased to support the platform just declared by Sir John A. Macdonald, in regard to those important public measures now waiting to be pronounced upon by the people of this Dominion. During my past term of office I exerted my efforts to the best of my ability in securing the expenditure of public funds and the concession of government grants and subsidies for the promotion of public buildings, railways, works and enterprises in this Electoral District. I feel justified in saying that these efforts have been productive of satisfactory and material results to Alberta.

I might with pardonable pride point to the construction of the Calgary & Edmonton Ry., which in the very near future will give direct way communication between the widely separated northerly and southerly boundaries of this district. It is highly desirable that this railway should be so extended to the south as to permit of the vast resources of Alberta having an outlet by railway communication to the railway system of the United States. My efforts, if elected shall be exerted to the promotion of this end. I might also make passing reference to the extension of the rail road to the International boundary line, and the connections there made with the great American systems of railway. Other railway enterprises are now projected for this district, my support to which I shall be most pleased to give.

Had another session of the House intervened before dissolution of Parliament large appropriations would have been placed in the estimates for the building of bridges and public buildings at various points of settlement throughout this district. This assurance I had from the Government during the last session of Parliament and it shall be my duty at the next ensuing session to see that such grants are duly made and these public works proceeded with at an early day.

The question of erecting Alberta into a separate province with full provincial rights of government has recently engaged the public mind in this district. I am in harmony with this movement, and the carrying out of this important public measure will receive my earnest support when assured that the revenues to be provided for the maintenance of a Provincial government and public service will be sufficient without having resort to direct taxation.

My personal interests in this district being large, I am therefore on these grounds most closely identified with every movement calculated to promote the progress and prosperity of Alberta.

I therefore, gentlemen, have no hesitation in again soliciting your heartiest support and interest in electing me as your representative for the ensuing term of Parliament.

Believe me,

Gentlemen of Alberta,

Your faithful servant,

D. W. DAVIS.
